(614) 451-9003

Dear Contractor,

Our multi-instructor format allows us to offer courses directly applicable to your license! If you are a PL holder you take PL classes. Likewise, HV holders will receive HV instruction. Here is some more information on our excellent instructors:

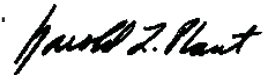

Robert J. Schutz, P.E. is the retired Chief Building Official of the City of Powell (OH) and is currently the head trainer for a major international code compliance organization.

Mr. William Shields has been involved in the electrical contracting business for twenty-five years and has taught in the ABC Electrical Apprentice program. Mr. Shields is also an E.S.I. & EL holder.

Earl Kripas C.M. is a 20-year member of the Refrigeration Services Engineers Society (RSES). Earl's 26 years in the refrigeration heating and air conditioning field have given him the experience needed to bring real life industry issues to his classes.

Mr. Richard Harris is a member of Local #683 of the International Brotherhood of Electrical Workers and has taught Electrical Code classes for 25 years.

New O.C.I.L.B. rules require that I commit to holding a class 14 days in advance of the date. So please register no later than 3 weeks before the date of a Renewal Session.

Harold L. Plant - Owner OCR

Use the OCR Faxback Registration Service with your Credit Card! Fax this form to Mary Kay @ (614) 451-9297!
